

# KCS CUT-SIZE Sheeter

## THE PERFECT CUT SIZE SOLUTION ADAPTED TO EACH CUSTOMER

The KCS concept is the best choice for offering a bespoke solution according to the customer's range of short formats, A4 A3, and even additional special digital formats.

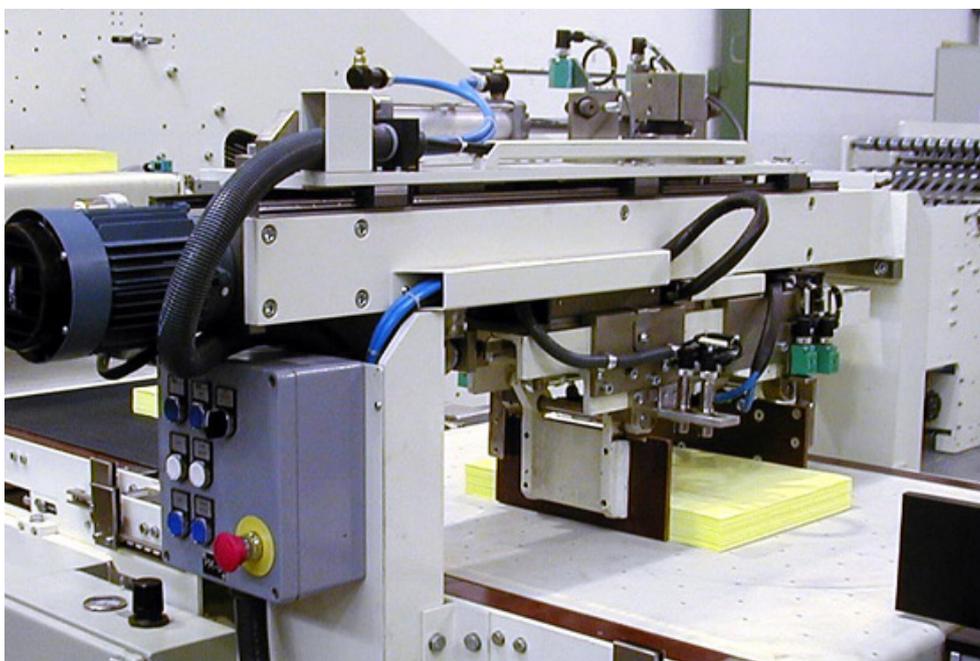

### ADVANTAGES

As all our models, these are full cut-size lines with synchro cut allowing various configurations with different numbers of unwind stands and formats to be cut.

This type of lines guarantee a continuous and completely stable process by the use of very high quality materials.
